PERSONAL STATEMENT:

I am a recent Informatics and Computer Science graduate with hands-on experience in IT support, basic networking, and systems operations. I have foundational knowledge in cybersecurity, supported by the (ISC)² Certified in Cybersecurity (CC) credential. I am enthusiastic about contributing to a professional IT team, learning on the job, and developing my expertise across multiple areas of IT. I am committed to problem-solving, teamwork, and effective communication, and I approach challenges with a proactive and adaptable mindset.

EDUCATION:

Strathmore University (2022 –2026)

Bachelor of Informatics and Computer Science

Cisco Cyberops Associate (2026)

CCNA: Introduction to Networks (2023)

ISC2 Certified in Cybersecurity (CC) (2026 – 2029)

Pioneer School (2018 – 2021)

Kenya Certificate of Secondary Education

Gilgil Hills Academy (2013 – 2017)

Kenya Certificate of Primary Education

WORK EXPERIENCE:

IT Support Intern - CIC Insurance Group, Head Office (January 2026 – April 2026)

During my internship, I delivered day-to-day IT support to staff by diagnosing and resolving hardware, software and basic network issues. I installed and configured Windows operating

systems and business applications, assisted with user account tasks such as password resets and access support, and set up laptops and system access for new employees. I troubleshoot common connectivity problems involving Wi-Fi, printers and VPN, logged and tracked incidents through the IT service desk ticketing system.

IT Support Intern - Milimani Commercial Courts (January 2025 – April 2025)

Gained hands-on experience in IT support by troubleshooting hardware and software issues, assisting users with technical challenges, and supporting daily IT operations in a professional work environment.

Technical Skills:

IT Support: Software installation and configuration, end-user support, hardware and software troubleshooting, system updates and maintenance.

Operating Systems: Windows 10/11 administration and Ubuntu Linux installation, updates and basic troubleshooting.

Networking Fundamentals: TCP/IP, DNS and DHCP concepts, device connectivity, basic network and Wi-Fi setup and troubleshooting.

Tools & Technologies: Microsoft Office Suite, Visual Studio Code, NetBeans, IntelliJ IDEA and Postman (API testing).

Database Fundamentals: Basic querying and database usage using MySQL and MariaDB.

Professional Skills: Team collaboration, problem-solving, adaptability and effective communication.
